

Methodist women did not want to see the pastor's family be without household edibles so they gave him a generous Xmas pound party, of groceries and meat market products.

The large country pantry was the receptacle for supplies, and the spring house was the storage place for perishables. Now it is used for storage.

Social Happenings

Mr. Donald McLaughlin, of the Dixie Men's store, made a flying motor trip to spend Christmas with relatives and friends in McRae, Georgia.

Mr. and Mrs. Leslie Jones and family spent Christmas in St. Augustine with relatives.

Mr. and Mrs. Herman Close and family were Christmas guests of Mr. C. W. Keesee and Mr. Frosty Peters.

Mr. and Mrs. E. E. Everett, of Sierra Madre, California, are spending the winter months with Mrs. Everett's daughter, Mrs. J. I. Freedlund.

Mr. and Mrs. Cliff Livingston were hosts at Christmas dinner to Mr. and Mrs. Randolph Livingston, Mr. and Mrs. J. H. Livingston and Bill Livingston, of West Palm Beach, Mr. and Mrs. Robert Cook, of LaBelle, and Mr. Alvin Roberts.

Caroline Friedlund was a bridesmaid at the wedding of Joyce Rogers to John Toggewell, in Robertson Memorial Church, Miami, the evening of December 29th.

Mr. Alvin Roberts returned from Lake Worth to make his home for the winter with his daughter and son-in-law, Mr. and Mrs. C. C. Livingston.

Mr. and Mrs. Milton Barry and children, Jerry and Winifred, spent Christmas with relatives in Belle Glade.

Mrs. Julian Field and daughter, Karen, of West Palm Beach, spent Christmas day and home of her parents, Mr. and Mrs. E. H. Hooker.

Barnes Creech, student at Gainesville, is spending the holidays with his parents, Mr. and Mrs. Bob Creech.

Dinner guests at the home of Mr. and Mrs. Harry C. Delaney on Christmas Eve were Mr. and Mrs. Howard W. Payne, they are expected to return today.

Walter Granger, student at Florida State University and home for the holidays, accompanied his mother, Mrs. W. B. Granger to Chipley, Florida, where they spent Christmas with Mrs. Granger's father.

Christmas week end guests at the home of Mr. and Mrs. Herbert D. Beck were Mrs. Bob Shrontz, Mr. and Mrs. Chas. Beck and Mr. and Mrs. J. C. Dunning all of West Palm Beach. Additional guests on Christmas day were Mr. and Mrs. Frank A. Houston, Mr. and Mrs. Fred Holzburger, of West Palm Beach, Mrs. Ruth Creasey, of La Fayette, Indiana, Mr. Henry Dawson and Mr. and Mrs. Ralph Dunning of Lake Worth.

Mrs. John Bass has as her house guest, Mrs. Mary Bowen, of Teocoma, Georgia.

Mr. and Mrs. Henry Morales and son Robert, of Tampa, are spending this week at the home of Mrs. Z. T. Ingram.

Mr. and Mrs. Wilbur Cook, who have spent several months at Jasper, Florida, are again occupying the home on South-east Fourth Street. Mr. and Mrs. Bates, who have been living in the Cook home, have again moved into one of the Poole apartments.

GROUP OF YOUNG PEOPLE ENTERTAINED AT PARTY

Mrs. W. L. Collins was hostess to a group of young people at her home December 20th from 7:30 to 10:00, at a Christmas get-together. The evening was spent playing games and dancing and refreshments were served by Wynne Collins, Martha Carden, Catherine Friedheim, Jackie Royals, Donna Norris, Janie Norris, Joyce Bridgely, John Carden, Randall Henderson, Travis Poole, Max Lockhart, Hubert Anderson, Eugene Brooks, and other Collins.

DINNER PARTY GIVEN BY TABITHA-McWHORTERS

Mr. and Mrs. John Tabitha and Mrs. O. G. McWhorter entertained at the McWhorter home last Thursday night at a Christmas dinner party. Others attending were: Mr. and Mrs. Harold Babbs, Mr. and Mrs. E. McCabe, Mr. and Mrs. E. Leeland, Mr. and Mrs. Jack Thorne, Mr. and Mrs. Bob Cameron and Mr. and Mrs. J. I. Gay.

Following dinner "appropriate" gifts were presented, such as a miniature wrecker to Leeland Pearce, a package of hand-aid to Jack Thorne, etc.

CHRISTMAS PARTY HELD BY BETA SIGMA PHI

The Florida Beta Sigma Phi chapter of the Beta Sigma Phi entertained their husbands and dates at a Christmas party, December 22nd at the Scout Hut.

An interesting feature of the evening was a contest game in which each girl drew a man's name. She was then given a piece of red crepe paper, a piece of white crepe paper and some Scotch tape, and instructed to stick the name whose name she had drawn, as Santa Claus does, with crepe paper.

Some rapid and deft "decorating" was done, with contest prizes for the best Santa going to Mrs. Junius Harris, who "decorated"

Mr. Charles Lantz. A prize was also presented to Mr. Lantz.

The group sang a number of Christmas carols and "Santa Lantz" distributed presents from the lighted tree to everyone present. Refreshments were served to the thirty-five attending.

WEDGORTH ENTERTAINED AT SPAGHETTI SUPPER

Mr. and Mrs. Gerald McKee entertained at their home on Palm Beach Road last Friday night, with a spaghetti supper, honoring Mr. and Mrs. George Wedgworth, who are here for the holidays. Other guests were: Mr. and Mrs. W. J. Rawls, Jr., and family, Mr. and Mrs. J. T. Williams and family and Bobby Wright. Following dinner the evening was spent playing Canasta.

FAMILY XMAS DINNER

The home of Mr. and Mrs. C. R. McDonald, Chosen, was the scene of a family dinner Christmas day. Those present were: Mr. and Mrs. James Collins, and Mrs. Nannie Fuller, of Miami, Mr. and Mrs. W. J. Rawls, Jr., of West Palm Beach, Mr. and Mrs. Jerry McKee and family, Mr. and Mrs. W. J. Rawls, Jr., and family, Mr. and Mrs. T. Williams and family, Bobby Wright and Mrs. George Wedgworth and infant son.

Lions Clubs To Soon Have Ladies Night Party At Clewiston

Throughout International Lionism the month of January is observed as Melvin Jones birthday month. Clubs put on attendance drives as well as recruiting worthy men for membership in the thousands of clubs. The local club will follow out the program that has been set up for this period.

Zone Leader Kelley, of Clewiston, is arranging for a social gathering of the clubs at Canal Point, Pahokee, Belle Glade and Clewiston, at Clewiston, at a date to be named. This will be a ladies night affair. The club having the highest percentage in attendance will be given due recognition.

There being no regular program of entertainment, the period was taken up by a "bull" session. The feature of the session was the very elucidating discussion which Lions Lively and Hotard, gave on the old and new Elstine theories of relativity. Ed seemed to be a bit better versed than Hotard, as he had made a study of the question during his service days.

B. J. Buxton Former, Local Policeman Dies At Bay Pines Hospital

Local friends have been advised of the recent death of B. J. Buxton at the Bay Pine hospital in St. Petersburg, on December 16th, where he had been a patient for some months past. Buxton was a very well known all over the Glades area, as a hunter, trapper, guide and cow man. He held law enforcement positions at various times, having been a member of the Belle Glade police. He was a World War I veteran.

The deceased is survived by his wife, Mrs. Betty Buxton, of Pahokee and two brothers, Ben, of Panama City, and Bryant, of Waldo, Florida.

Estate Windfall Comes To State Of Florida

In the mail of Comptroller Clarence Gay, in Tallahassee, there was found a letter, which contained a check for \$1,000,000, an inheritance from the estate of Edward S. Moore, retired capitalists of West Palm Beach and Miami Beach.

This windfall comes under a Federal law rather than a state statute. This sum will be placed in the State General fund, to meet future due payments of obligations. This payment is one of the largest contributions ever received under the Federal inheritance tax.

The State also received a refund check of \$7,000, for over charge premiums on construction insurance, at two of the state's public institutions.

DeLay Businessmen Seek Charter For Federal Loan Bank

Application has been made by a group of businessmen of Delray have made application for charter for a Federal Savings and Loan Company in that

place. Requirements are \$100,000 capital stock with at least 75 depositor stockholders. If granted it would make four such banks in the county, located at West Palm Beach, Belle Glade, Lake Worth and Delray.

Contract Awarded For Erection Of New County Jail

Palm Beach County Commissioners at a meeting on Tuesday, awarded a contract for the erection of a long proposed county jail, to the Arnold Contracting company, for \$509,954.77. The contract includes the main building and an extra wing for future furnishing and use as needed.

The Commissioners find that to fully finance the deal they will be required to add a one mill special levy for 1950, which action they have effected.

CHAMBER OF COMMERCE Business Meeting To Be Held January 2nd

Secretary George Young, of the Chamber of Commerce, has called for a business meeting of the directors at the office, on the night of January 2nd, when a number of important matters will be up for discussion. The meeting will be open to any citizen who may have an interest in issues to be presented.

New Treatment For PAIN RELIEF OF ARTHRITIS & RHEUMATISM

Medical experts have long known that the relief of pain, which is the chief aim of treatment in arthritis and rheumatism, can be obtained by the use of a certain type of heat. This heat is produced by the use of a certain type of electrical current, which is known as "diathermy". This current is passed through the affected area, and produces a deep, penetrating heat, which relieves the pain, and also helps to break down the inflamed tissue, and thus cures the disease.

District Hearings On Rural Farm Road By State Department

The State Highway Department is making its plans for the spending of new \$14,000,000 on a state system of rural highways, in which all the counties will participate.

The Department has used a list of eight districts, particularly in the state, to determine the highways which will be improved with road work, culverts and bridges.

The counties of Broward, Collier, Dade, Indian River, Martin, Monroe, Okeechobee, Palm Beach and St. Lucie will have their meeting on January 19th.

This entire state project is an immensely important one, and the largest that has been inaugurated in any of southern states, and should provide Florida with one of the finest road systems in the south.

FOR SALE—Modern home near school. See Bryant McLenon, or call 2708. 12-30-49

PAIR—TEE LINE Continued from page 1 The ticket sellers headed by Mrs. Lila Spence report that most of the 150 tickets are disposed of. Each Committee member has taken a partial list of the members and each will be contacted and given an opportunity to take care of his wishes, including invited guests.

With the attendance restricted to members and guests the Committee feels that they will have a real old New Year's party with home folks and a smattering of visiting guests.

The ladies will put on a pot-luck Sunday night, as usual.

Mrs. J. A. Taylor, Gainesville, is a guest this time at the home of her son and daughter-in-law, Mr. and Mrs. Hardy Taylor, in the Lutz Apartments.

Miss Mary Kathryn Smith, who is attending West Liberty State College, West Virginia, visited here with her father from Monday until Thursday this week.

Mr. and Mrs. D. B. Mathis, Billy Mathis, and his house guest, Jimmy McGinnis, left Wednesday afternoon at the home of their leader, Mrs. W. R. Hooker, at Chocoma.

The short business meeting was conducted by Mrs. Hooker, during which time it was voted to make robes for the ladies' choir. The ladies began piecing a quilt, which will be sold later at their bazaar.

closed Monday allowing the ship to enjoy the legal holiday for New Year's. Those on the coast will also be closed, according to a notice received.

Better do your banking on Friday to last till Tuesday.

Educator Gives Hints About Good Wedding Gifts

In the near future the ideal wedding present may be a college education for the bride and groom.

This is the belief of Dr. W. E. Ehrman, marriage counselor and teacher of a popular course on "Marriage and the Family" at the University of Florida.

He predicts that more and more young married couples will go to college together because parents are admitting there is little difference in putting sons and daughters through school, whether they are married or single.

In fact, the married son and daughter may even be a better investment in terms of scholarship," commented the professor.

Married students mostly veterans, show higher averages than single ones. Perhaps they live studious lives and have more time for study.

Dr. Ehrman pointed out that through the G. I. Bill began the influx of married couples to the campus, other factors will cause this to continue.

"The influx of married couples to the campus, other factors will cause this to continue. The influx of married couples to the campus, other factors will cause this to continue."

The teacher declared that the increase of women in the "labor force" of the country shows the trend of 1949 in the building of a new life.

Both husband and wife, which mean higher education for both, "in 15 years the number of working women has doubled," he estimated.

"College people make the most lasting marriages," Dr. Ehrman stated. "Although the divorce rate is high among those who marry at high-school age, it is low among those who meet in college."

The average age for marriage has dropped slightly, going down in the past 25 years from 26 to 24 for men and 22 to 21 for women.

"Marriage and the Family" at the University of Florida was begun in 1936, and in 1939 was converted by Dr. Ehrman from one of the most courageous sex education courses in the country. Today such courses are a part of every college curriculum, and at the university the class has grown to an enrollment of 500 men and women each semester.

Race Track Monies Used To Advantage By Florida State

Because it ear-marks the revenue for the counties and the old-age pension fund, "Florida has one of the most equitable and intelligent racing laws in the country." This opinion on the Florida racing law is expressed by one of the nation's leading sports writers, George Krehbiel, in a series of articles in the Detroit News.

The Florida law "gives specific benefit to practically every person in the state," writes Krehbiel. "Thousands of Floridians, who have never seen a horse race derive heavy financial benefit from the races."

\$500; J. O. Darden, \$150; Allen Greer estate, \$1,000.

N. N. Starling Opens New Rock Pit near City Dump Grounds

N. N. Starling, recently purchased 29 acres of land west of the city and has opened a new rock pit. He has a purchase option on additional land, for future development.

Starting at present is getting out a large order for rock for the State Road Department; and is also building up a stock pile from which to supply local orders. He has two large draglines at the pit. This rock has been approved by the state as suitable for Class 1 and 2 road construction.

The new pit lies adjacent to the city and county rock pits, and the large Starling drag line may be used in getting out some rock from each of these pits to be used for city and county road work.

CITY GIPS PLANS Continued from page 1

Once Corporation for the installation of an acoustic tile ceiling in the city auditorium was accepted at a price of \$608.00 for the complete job, or \$410.00 for the tile supplies alone. The labor will be done by Street Department employees.

A trial music box agent appeared and requested that the Commission make a reduction on the occupational license fees on such contraptions. They claimed that the \$50 a year tax was too high and exceeded the amount paid in other cities of the county. The Commissioners stated that the highest benefit to the city was that there was little chance for a change this year, but that a sympathetic one might be given next year, when additional data had been presented by the petitioners.

Owing to the fine manner in which the special Robin Relief Committee had handled the labor relief situation, the city paid out bills amounting to \$120.03, from the Charity fund. Commendation was given the committee and especially to its chairman, Emmett Roberts.

For extra services rendered as acting city clerk, before a new clerk was named, Mrs. Lois

Davis, was granted payment of \$200.

The reports and maps presented by the City Planning Board as to the extension of the Fire zones were studied, and adopted, with one exception.

The exception was the territory on West Avenue A, from the canal to the dead end of the street at the railroad. Commissioner Lloyd's farm land lies in that location, and he objected to it being placed in the fire zone, on the grounds that the territory would be a long time developing for either business or residential purposes. Properties owned by the G. A. Hubbell estate and Solicitor Herbert Beck are in the same locality.

An ordinance was passed which extends the liquor zones in colored town and regulates the sales hours and operations of such establishments. A resolution was passed setting out the duties of the Chief Clerk in the Water works department.

A public Accountant William Rhodes who made the audit of the city books for the fiscal year of 1948-49, and the special audit required by the Walls de faultation, presented a total bill of \$1115.00 from the General fund and \$395.00 from the Water works funds. The bill was paid.

The city has received no reply from the Bonding company to Solicitor Beck's letter in relation to the payment of the Walls bond.

City Inspector Willis presented new condemnation charges against the G. A. Hubbell estate, John Baker, Williams, Joe Strawder, Iva Bragg, on cleanup and improvement work.

of such establishments. A resolution was passed setting out the duties of the Chief Clerk in the Water works department.

The Glades Appliance Corporation

Wishes Everyone A Happy New Year

Just Arrived 33 Wood's ROTARY CUTTERS

Get Yours Now

WOOD'S ROTARY CUTTER

IMPROVED HEAVY-DUTY MODEL 50

Rugged for Service	IT CUTS AND SHREDS
Shielded for Safety	Corn Socks
Adjustable Cutting Height	Contour Socks
Timken Bearings	Contour Socks
Cut Steel Gears	Cow Peas
Tractor Type Gear Box	Wheat
Spring Steel Blades	Melon Vines
Welded Steel Frame	Thistles
Pneumatic Tires	

MAKE YOUR CATTLE FAT

Get rid of your weeds and increase your grass crop—Grass is an asset to cattle.

Keep your grass in shape and your cattle will keep themselves in shape.

Mow your frosted and dried grass let it come back green with high protein contents.

Farmers—use Woods Rotary Cutter in your potato field before digging. Clean the field up, also use it to destroy cornstalks in windbreaks so your land can be properly tilled.

According to U. S. Department of Agriculture you make fertilizer out of your excess grass and mulch.

Ask these men who own and operate a WOOD'S ROTARY CUTTER:

Roy Vandergift	Pabok
Louis Friend	Pabok
J. H. Dempsey	Port Mayaca
Dr. Charlie Foreman, Vet.	Ft. Lauderdale
Everglades Experiment Station	
Fritz Stein	Belle Glade
Roscoe Braddock	Belle Glade
Hillsboro Plantation	Belle Glade
Hubb Chumblee	Belle Glade
Jose Moran	Belle Glade
Cliff Green	State Farm No. 2
Van Landingham Brothers	Belle Glade
Jess Durance	Brighton

These cutters are being used all over the State of Florida to a big advantage.

OBSERVATIONS
(Continued From Page 1)
modern homes stocks get housed in kitchen cabinets and the per-
shables in the refrigerators or
deep freeze boxes. Quiet a
change in life from the olden
days.

When I spent my childhood
vacation days at my grand-
mothers at Waynesburg, Ohio,
it was a happy period. I re-
member the old spring house
where the milk, cream, butter,

cheese and meats were stored.
Grandmother always had my
own pan of milk, to which I
could go and get milk anytime
of the day. After a hard day's
work I can envisage granny sit-
ting under her grapeharbor, in
her easy chair, and contentedly
smoking her evening pipe of
tobacco. Sometimes she took me
on her lap and sang to me, told
me a story, and fostered me
the weariest little lad, later to be
placed in his special bed. Grand-

mothers and mothers are great
institutions for little boys and
girls. Quers for the memories can
try one back to those youthful
days.

If frosts keep away, Florida
citrus growers stand to make
big money. Packers and shippers are
paying much higher prices for free-
zing citrus fruit than for fresh
fruit. More than 5,000,000 million
pounds of fruit have been frozen
this year. The Florida Citrus
Mutual organization has been a
great factor in getting higher
market prices. Tangerine men
have not fared so well owing to
market conditions.

Hugh Bradley likes to take
a spin over to the Indian town
sector of Martin county to take
a look-around, for the Federal
has been an agent whereby the
great progress in that area has
been made possible. He gen-
erally comes back with a satis-
fied smile on his face. Mr. Brad-
ley has hopes that the company's
new bank building will be ready
for occupancy by the first or
middle of March.

One of the improvements
needed at the high school is a
gymnasium of sufficient size.
That the basketball team could
have a regulation sized court
on which to play their games.
Also one with a large seating
capacity. W. P. Risk, states that
with a seating gallery, basket-
ball would more pay its
own financial way.

Well did Santa Claus visit
you? The Old Boy found my
cottage and did not forget to
bring a liberal amount of Chris-
mas cheer for the aged occu-
pants. The pile of Christmas
evening gifts which came in
showed that we had plenty of
friends who were thinking
about us at the Yalline. The
only thing that was lacking to
make it a most happy occasion
was that none of our children
could be present to grace the
occasion.

Rev. Beach, the noted Amer-
ican writer, of Selving, in his
will, left a bequest to Rollins
college and small Notre Dame
college in Canada. The rest of
his large fortune was bequeathed
to family relatives. Since his
death, report is that there has
been a great demand in book
stores for his writings. I liked
his "The Spoilers" the best of
any of his works.

A bulletin from the Florida
Forestry Department makes
these statements: Forests are
valuable in peace as well as
war. Timber if properly hand-
led can be made as much of a
firm crop as corn and cotton.
Lightening causes only three
percent of the wood fires in
Florida. The Rosebud or Judas
tree (gyris sandanensis) is one
of the protected trees of the
state.

Motorists should treat every-
body as though they are blind,
deaf, or defective. Pedestrians
should treat all motorists as
though they are homicidal man-
iacs. Then, between the two,
we should get fewer accidents.

Policeman, addressing man in
barrel: "My lands, where are
you going in that get up? You
a poker player?"
Man in barrel: "I'm not, but
I spent the night with a bunch
of fellows who were."

At one time in the writer's
life, he was quite in demand as
Santa Claus in church and
fraternals circles. I recall on
one occasion in an Odd Fellow
hall, I was seated after the gifts
had been given out, when a
group of small girls came up
and crowded around me. Imagine
my surprise when my own
laughter made a disclosure by
saying "That's not Santa Claus,
that's my papa cause I know his
shoes." Right there and then
Santa made his exit to other
quarters.

When critical situation comes
up that reflect on the welfare
of our community there are
enough public spirited men and
women who will work to cor-
rect same. If it is for food, cloth-
ing, shelter or others, assistance
the aid is forthcoming in gen-
erosity amounts. Emmett Roberts
and his assisting committees,
certainly did a fine piece of re-
lief work, in the recent unem-
ployment crisis.

The Federal Government, the
State of Florida, and the Cen-
tral and South Florida conser-
vancy district have provided re-
leased funds for the Glades dis-
trict in sum reaching the near
two million mark. One contract
has already been awarded and
contractors are ready to go to
work around Davie. The second
project will be north from 20-
Mile Bend toward the St. Lucie
Canal between Port Mayaca and
Indian town, and the third pro-
ject will be started somewhere
in the Kissimmee river valley.
In the over-all job, Army Engi-

neers plan to erect the dike bar-
riers, to hold back waters from
the Kissimmee river and Mac-
lin County flood areas, and to
protect the cities along the east-
ern shore. Waters from these
areas were the ones which
caused such heavy flood dam-
ages the past season.

The first collection or pay-
ment of the sales tax collection
is now pouring in the State
Comptroller's office for 1949.
The collection of the tax is
depleted treasury. The Comptroller
has returned many large checks to
chain and department stores because
he claimed collections were com-
puted on a wrong basis.

Steve Trumbull, act writer
for the Miami Herald, is doing a
series of articles on the State
Parks, and his opening story
was on Myakka park, which lies
between Arcadia and Sarasota.
One of the beauty spots of south-
western Florida, he says, "This
park stretches along the Myakka
river many miles and covers a
vast acreage of water, land and
timber land, and is a noted
game sanctuary, where all types
of tropical birds and animals
may be found. Fishing in both
the lakes and the river is un-
excelled for bass and other pan-
fish. A delightful spot for week
and camping visits. Allen Crow-
ley is the park superintendent
and is a most accommodating man
to his park visitors.

The Garden club is against
bill boards along the highways
of the rural districts or within
the city limits. The State Asso-
ciation is making a fight against
sign boards as one of its prin-
cipal drives for the year. Our
local club women appeared be-
fore our commission asking aid
in this drive. Posies are lot more
attractive than unsightly bill
boards.

Rev. Theodore Tomoshuk,
a former pastor of the South
Baptist church and now at
the Lake Avenue church in
West Palm Beach, has been offi-
cially appointed chaplain of the
West Palm Beach Police depart-
ment. He officiates for the de-
partment, and to give aid to
those taken as prisoners who
may seek his advice and pray-
ers.

Florida is coming to the lead
in its 4-H club work for both
Boys and Girls, with four estab-
lished camps for holding sum-
mer outings and club work. The
camps are all located on beau-
tiful lake sites, well equipped
with all facilities, and have a
number of others of the street and
drive to September, each camp
finds delegations of boys and
girls of a 100 or more enjoying
the study and recreational fac-
ilities.

The oldest of these camps is
Camp Timpanoch located in the
Chotawatchee reserve in
northwest Florida, Camp Cher-
ry in Madison county, McQuar-
rie and Doe in the Ocala re-
servation, and the latest one, is
Lake Francis, in Highland coun-
ty.

The Lake Francis camp is be-
ing prepared for the use of all
South Florida clubs, and many
clubs and civic bodies donated
liberally toward building the
shelter houses and equipment.
Palm Beach county clubs will
be using this camp ground dur-
ing the 1950 season.

"Doug" Leavitt, our very
competent and versatile foot-
ball coach, sometime last school
year, got lead away from the
gridiron to venture into a new
project, which required a dif-
ferent type of technique than
used in football. He seems to
have worked the right combina-
tions to reach his goal, and this
week he made the longest "run"
in his life to Tennessee to put
that marriage touchdown across
the line. He lows that no offi-
cial is going to call back that
score on him. He thinks the Le-
avitt forces are going to form
quite a team as both are Physi-
cal Directors. Good luck Mr. and
Mrs. Leavitt.

Chairman Herman Close, of the
Civil Service Commission, is
happy that the code prepared by
his body, met with such gener-
ous approval of people who at-
tended the public mass meet-
ing to hear it read. He also
states that so far no officials
have been named to positions
of employment for the Board or
other departments. All appoint-
ments must come from the list
of applicants who take the de-
tailed examination required un-
der the act. Appointments are
made from the three highest
scoring in the various class-
ifications.

The office saw to it that
the huge quantities of mail mat-
ter for outgoing purposes was
promptly dispatched on its way
to world addresses.

Had the pleasure for the first
time to meet Miss Sara Horton
county Home Demonstration
Agent at a meeting of the local
club. I did not take me long
to discover why the women of
the club trail along with her
in her specialized work. She
has the fire, vim and ability to
inspire her group women. An
education such as obtained
through Home Demonstration
and 4-H Girls clubs is a most
helpful and does not ever get
away from those who have stud-
ied the courses.

Among the big automobile
producers which have agencies
in Belle Glade, are Ford, Chev-
rolet, Pontiac, Buick, Dodge,
Plymouth, Willys, and from
their sales agencies many fine
new cars have been sold to
Glades people the past few
months. Quality construction
and pride to be riding around in one
of the handsome present day
equippages.

**Kissimmee Valley
Will Get Flood
Control Monies**

Senator Pepper has received
support from the U. S. Army
Engineers for inclusion of the
Kissimmee River Valley in the
second phase of the Central and
South Florida flood control pro-
gram.

In a letter made public by the
senator's office, Major-General
Lewis A. Pick, chief of Army
engineers, said the seriousness
of the flood situation in the val-
ley was shown in the "succe-
ssive flood years of 1947, 1948
and 1949, and warrants con-
sideration by Congress for au-
thorization" of a flood control
program.

**Jensen Bridge Again
Open To Public Use**

"The 25 year old frame bridge
over the Indian river at Jensen
Beach" was badly dam-
aged in the August hurricane,
has been completely rebuilt by
the Federal Highway Department,
and is now open to vehicle and
pedestrian use. This bridge more
than a mile long connects the

mainland with the beach is-
lands.

Thousands of people use the
bridge for fishing purposes. On
the new bridge a new fishing
galley way has been construct-
ed for use of fishermen so as
to remove them from the dan-
gers of the vehicle traffic cross-
ing the bridge.

Many high Glades people go
to Jensen for week end and
fishing jaunts, and find it de-
lightful spot for an enjoyable
outing.

**Retained As State
Road Chairman**

Alfred A. McKethan, Brook-
sville, has been re-elected chair-
man of the state road depart-
ment for another year. Horton
Buchan of Tallahassee has been
made engineer in charge of sec-
ondary road construction, the
new program of farm-to-market
and county road building pro-
vided by the 1949 legislature. In
its most recent bid letting, the
department started work on 91
miles of roads and bridges,
at an apparent cost of \$669,537.

**Wanted:
experience.**
If you found it necessary to
advertise for someone to han-
dle your insurance we might
advertise something like this:
WANTED — An experi-
enced man to handle my
insurance affairs. Inas-
much as everything I own
— my house, furnishings, car,
personal possessions and even
my savings — might be at stake,
I must have complete and un-
questioned insurance cov-
erage. To accomplish this I
need an experienced man who
represents sound companies. NO
NOVICES NEED AP-
PLY.
But such an advertisement
is unnecessary. You need but
look for your own requirements
command the services of an
insurance man who can not
meet most men's requirements
but has an established rep-
utation in this community for
experienced insurance service
and satisfied clients.

**A FRIEND TO FARMERS
APPEARS ON MARKET**
Chemists have been searching around
for a new insecticide that had better killing
qualities than the popular DDT, and it has
come in the form of
RHOTANE
It will give Better, Safer Protection
against Corn Earworms and Borers, and
other plants on which DDT has been used.
It is approximately 1.5 — 1.10 as toxic to
warm blooded animals as DDT.
Research has shown that Rhotane has
been most successfully used in spraying
Vegetables, Forage Crops, Live Stock,
Fruits, in Mosquito Control and many other
new uses. A deadly enemy to "hornworms".
